

European Broker Meeting™

**For the first time in EBM history, we are re-visiting a city:
Barcelona!**

Back in 2007, our 3rd EBM was organized in Barcelona too, and The European Broker Meeting has changed a lot since then. We introduced and set-up the One-on-One Business Meetings for our visitors to organize and confirm dedicated time to each prospective business contact with even months in advance.

This year, we, at TheBrokerSite.com aim to host over 550 computer traders, IT Wholesalers and Hardware Brokers at the **Barcelona Hilton Diagonal Mar**, keeping our traditional largest get-together for this industry in the world! The EBM is open to all companies trading Desktops, Laptops, Servers, Printers, Mobile Phones, Electronics, Networking and POS Equipment.

**Meet new and existing customers and suppliers in one
place at the same time!**
